

## Little Explorers Pre-school

Reference No EY492319

### 1.2 Safeguarding children and child protection

(Including managing allegations of abuse against a member of staff reporting to LADDO)

#### Policy statement

Our setting will work with children, parents and the community to ensure the rights and safety of children and to give them the very best start in life. Our Safeguarding Policy is based on the three key commitments of the Pre-school Learning Alliance Safeguarding Children Policy.

#### Procedures

We carry out the following procedures to ensure we meet the three key commitments of the Safeguarding Children Policy.

#### *Key commitment 1*

We are committed to building a 'culture of safety' in which children are protected from abuse and harm in all areas of our service delivery.

- Our designated person who co-ordinates child protection issues is, **Helen Moorefield** and is always available:
- In the absence of the person named above the person who will co-ordinate child protection issues is:  
**Teresa Moxham**
- Our designated officer who oversees this work is: **Helen Moorefield**
- We ensure all staff are trained to understand our safeguarding policies and procedures and that parents are made aware of them too.
- All staff will receive regular updates on safeguarding at least annual training.
- All staff have an up-to-date knowledge of safeguarding issues, are alert to the signs and symptoms of abuse, and understand their professional duty to ensure safeguarding concerns are reported to the local authority Access Response Team (ART)
- All staff are confident to ask questions in relation to any safeguarding concerns and know not to just take things at face value but can be respectfully sceptical.
- Adequate and appropriate staffing resources are provided to meet the needs of children.
- Applicants for posts within the setting are clearly informed that the positions are exempt from the Rehabilitation of Offenders Act 1974.

- Enhanced DBS disclosing barring Service checks and other suitability checks are carried out for staff and volunteers prior to their post being confirmed, to ensure that no disqualified person or unsuitable person works at the setting or has access to the children.
- Where applications are rejected based on information disclosed, applicants have the right to know and to challenge incorrect information.
- Volunteers do not work unsupervised.
- Information is recorded about staff qualifications, and the identity checks and vetting processes that have been completed including:
  - the criminal records disclosure reference number;
  - the date the disclosure was obtained; and
  - details of who obtained it.
- All staff and volunteers are informed that they are expected to disclose any convictions, cautions, court orders or reprimands and warnings which may affect their suitability to work with children (whether received before or during their employment with us).
- All staff and volunteers are required to notify us if anyone in their household (including family members, lodgers, partners etc.) has any relevant convictions, court orders, reprimands and warnings or has been barred from, or had registration refused or cancelled in relation to any childcare provision (see above questions), or have had orders made in relation to care of their children.
- We notify the Disclosure and Barring Service of any person who is dismissed from our employment or resigns in circumstances that would otherwise have led to dismissal for reasons of a child protection concern.
- Procedures are in place to record the details of visitors to the setting.
- Security steps are taken to ensure that we have control over who comes into the setting so that no unauthorised person has unsupervised access to the children.
- Steps are taken to ensure children are not photographed or filmed on video for any other purpose than to record their development or their participation in events organised by us. Parents sign a consent form and have access to records holding visual images of their child.
- Any personal information is held securely and in line with data protection requirements and guidance from the ICO
- The designated person in the setting has responsibility for ensuring that there is an adequate online policy in place.
- We keep a written record of all complaints and concerns including details of how they were responded to.
- We ensure that robust risk assessments are completed, that they are seen and signed by all relevant staff and that they are regularly reviewed and updated, in line with our health and safety policy.
- The designated officer will support the designated person to undertake their role adequately and offer advice, guidance, supervision and support.
- The designated person will inform the designated officer at the first opportunity of every significant safeguarding concern; however, this should not delay any referrals being made to the children's social worker services, the LADO, Ofsted or Riddor.

## *Key commitment 2*

We are committed to responding promptly and appropriately to all incidents, allegations or concerns of abuse that may occur and to work with statutory agencies in accordance with the procedures that are set down in 'What to do if you're worried a child is being abused' (HMG 2015).

### *Responding to suspicions of abuse*

- We acknowledge that abuse of children can take different forms - physical, emotional, and sexual, as well as neglect.
- When children are suffering from physical, sexual or emotional abuse, or experiencing neglect, this may be demonstrated through:
  - significant changes in their behaviour;
  - deterioration in their general well-being;
  - their comments which may give cause for concern, or the things they say (direct or indirect disclosure);
  - changes in their appearance, their behaviour, or their play;
  - unexplained bruising, marks or signs of possible abuse or neglect; and
  - any reason to suspect neglect or abuse outside the setting.
- We consider factors affecting parental capacity and risk, such as social exclusion, domestic violence, parent's drug or alcohol abuse, mental or physical illness or parent's learning disability.
- We are aware of other factors that affect children's vulnerability such as, abuse of disabled children; fabricated or induced illness; child abuse linked to beliefs in spirit possession; sexual exploitation of children, such as through internet abuse; and Female Genital Mutilation and radicalisation; that may affect, or may have affected, children and young people using our provision.
- We consider that there is a possibility of peer on peer abuse and that children's play is monitored through observations and a member of staff will always be in the room with the children.
- We also make ourselves aware that some children and young people are affected by gang activity, by complex, multiple or organised abuse, through forced marriage or honour based violence or may be victims of child trafficking. While this may be less likely to affect young children in our care, we may become aware of any of these factors affecting older children and young people who we may come into contact with.
- Where we believe that a child in our care or that is known to us may be affected by any of these factors, we follow the procedures below for reporting child protection concerns and follow the South Gloucestershire Children's Partnership procedures.
- Where such evidence is apparent, the child's key person makes a dated record of the details of the concern and discusses what to do with the member of staff who is acting as the 'designated person'. The information is stored on the child's personal file.
- If a staff member or volunteer is unhappy with the decision made of the designated person in relation to whether to make a safeguarding referral they must follow escalation procedures.
- We refer concerns to the local authority children's social care department and co-operate fully in any subsequent investigation. NB In some cases this may mean the police, or another agency identified by the South Gloucestershire Children's Partnership.

- We take care not to influence the outcome either through the way we speak to children or by asking questions of children.
- We take account of the need to protect young people aged 16-19 as defined by the Children Act 1989. This may include students or school children on work placement, young employees or young parents. Where abuse is suspected we follow the procedure for reporting any other child protection concerns. The views of the young person will always be taken into account, but the setting may override the young person's refusal to consent to share information if it feels that it is necessary to prevent a crime from being committed or intervene where one may have been, or to prevent harm to a child or adult. Sharing confidential information without consent is done only where not sharing it could be worse than the outcome of having shared it.
- We have a whistle blowing policy in place see policy

#### *Recording suspicions of abuse and disclosures*

- Where a child makes comments to a member of staff that give cause for concern (disclosure), or a member of staff observes signs or signals that give cause for concern, such as significant changes in behaviour; deterioration in general well-being; unexplained bruising, marks or signs of possible abuse or neglect; that member of staff:
  - listens to the child, offers reassurance and gives assurance that she or he will act.
  - does not question the child;
  - makes a written record that forms an objective record of the observation or disclosure that includes: the date and time of the observation or the disclosure; the exact words spoken by the child as far as possible; the name of the person to whom the concern was reported, with the date and time; and the names of any other person present at the time.
- These records are signed and dated and kept in the child's personal file, which is kept securely and confidentially.
- The member of staff acting as the 'designated person' is informed of the issue at the earliest opportunity, and within 1 working day.
- Where the South Gloucestershire Children's Partnership stipulates the process for recording and sharing concerns, we include those procedures alongside this procedure and follow the steps set down by the South Gloucestershire Children's Partnership.

#### *Making a referral to the local authority children's social care team*

- We follow the process described in the document 'What to do if you are worried a child is being abused' (HMG 2006).
- We keep a copy of this document alongside procedures set down by our South Gloucestershire Children's Partnership.
- Initial concerns regarding a child's safety or welfare are referred to the **Access Response Team (ART) team on 01454 866000** or via secure email to: [accessresponseteam@southglos.gov.uk](mailto:accessresponseteam@southglos.gov.uk) (Monday to Friday). **Out of hours/weekends** we will contact: **01454 615615**.
- The Local Authority Designated Officer (LADO), **can be contacted on 01454 868508** or via secure email at [tina.wilson@southglos.gov.uk](mailto:tina.wilson@southglos.gov.uk) .

- Immediate concerns about the safety of a child or emergencies are referred directly and immediately to the Police; **The Public Protection Unit of the Police: 0117 9455969**. If there is concern of immediate danger to a child, then we will request police assistance by dialling **999**.

#### *Escalation process*

- If we feel that a referral made has not been dealt with properly or that concerns are not being addressed or responded to, we will follow the SGCP escalation process, attached to this policy.
- We will ensure that staff are aware of how to escalate concerns.

#### *Informing parents*

- Parents are normally the Access Response Team (ART) of contact. Concerns are discussed with parents to gain their view of events, unless it is felt that this may put the child in greater danger.
- Parents are informed when we make a record of concerns in their child's file and that we also make a note of any discussion we have with them regarding a concern.
- If a suspicion of abuse warrants referral to social care, parents are informed at the same time that the referral will be made, except where the guidance of the South Gloucestershire Children's Partnership does not allow this, for example, where it is believed that the child may be placed in greater danger.
- This will usually be the case where the parent is the likely abuser
- If there is a possibility that advising a parent beforehand may place a child at greater risk the designated person should seek advice from children's social work services, about whether or not to advise parents beforehand, and should record and follow the advice given.

#### *Liaison with other agencies*

- We work within the South Gloucestershire Children's Partnership guidelines.
- The current version of 'What to do if you're worried a child is being abused' available for parents and staff and all staff are familiar with what they need to do if they have concerns.
- We have procedures for contacting the local authority regarding child protection issues, using the contact numbers contained the section of this policy 'Making a referral to the local authority children's social care team'.
- We notify Ofsted of any incident or accident and any changes in our arrangements which may affect the well-being of children or where an allegation of abuse is made against a member of staff (whether the allegations relate to harm or abuse committed on our premises or elsewhere). Notifications to Ofsted are made as soon as is reasonably practicable, but at the latest within 14 days of the allegations being made.
- Contact details for the National Society for the Prevention of Cruelty to Children (NSPCC) is: **0808 800 5000**.

#### *Allegations against staff*

- We ensure that all parents know how to complain about the behaviour or actions of staff or volunteers within the setting, or anyone living or working on the premises occupied by the setting, which may include an allegation of abuse.

- We respond to any inappropriate behaviour displayed by members of staff, volunteer or any other person living or working on the premises, which includes:
    - inappropriate sexual comments;
    - excessive one-to-one attention beyond the requirements of their usual role and responsibilities, or inappropriate sharing of images.
  - We follow the guidance of the South Gloucestershire Children’s Partnership when responding to any complaint that a member of staff or volunteer within the setting, or anyone living or working on the premises occupied by the setting, has abused a child.
  - We ensure that all staff or volunteer know how to raise concerns about a member of staff or volunteer within the setting. We respond to any concerns raised by staff and volunteers who know how to escalate their concerns if they are not satisfied with the Designated Person/ Manager’s response
  - We respond to any disclosure by children or staff that abuse by a member of staff or volunteer within the setting, or anyone living or working on the premises occupied by the setting, may have taken, or is taking place, by first recording the details of any such alleged incident.
  - Any such complaint is referred immediately to **Helen Moorefield**, the Manager/DSP who will discuss it with **Teresa Moxham**, the DSO. However, if the complaint is against **Helen Moorefield** then the complaint is directed immediately to **Teresa Moxham**. The complaint is then referred **within one working day** by **Helen Moorefield** to the Local Authority Designated Officer (LADO) to investigate:  
**01454 868508**
- 
- We also report any such alleged incident to Ofsted, as well as what measures we have taken. We are aware that it is an offence not to do this.
  - We co-operate entirely with any investigation carried out by children’s social care in conjunction with the police.
  - Where the management team and children’s social care agree it is appropriate in the circumstances, the member of staff or volunteer will be suspended for the duration of the investigation. This is not an indication of admission that the alleged incident has taken place, but is to protect the staff, as well as children and families throughout the process.

Full details of the processes and procedures in relation to the management of allegations against professionals and volunteers working with children can be found at South Gloucestershire Safeguarding Children Board website: [www.southglos.gov.uk/sgscb-manageallegations](http://www.southglos.gov.uk/sgscb-manageallegations)

#### *Disciplinary action*

Where a member of staff or volunteer has been dismissed due to engaging in activities that caused concern for the safeguarding of children or vulnerable adults, we will notify the Disclosure and Barring Service of relevant information, so that individuals who pose a threat to children and vulnerable groups can be identified and barred from working with these groups.

#### *Key commitment 3*

We are committed to promoting awareness of child abuse issues throughout our training and learning programmes for adults. We are also committed to empowering young children, through our early childhood curriculum, promoting their right to be strong, resilient and listened to.

### *Training*

- Training opportunities are sought for all adults involved in the setting to ensure that they are able to recognise the signs and signals of possible physical abuse, emotional abuse, sexual abuse and neglect, and sexual exploitation, radicalisation and /or extremism. All adults are given a handout at induction describing the local authority guidelines for making referrals.
- Designated persons receive training in accordance with that recommended by the South Gloucestershire Children's Partnership.
- We ensure that all staff know the procedures for reporting and recording any concerns they may have about the provision.

### *Planning*

- The layout of the rooms allows for constant supervision. No child is left alone with staff or volunteers in a one-to-one situation without being visible to others.

### *Curriculum*

- We introduce key elements of keeping children safe into our programme to promote the personal, social and emotional development of all children, so that they may grow to be strong, resilient and listened to and so that they develop an understanding of why and how to keep safe.
- We create within the setting a culture of value and respect for individuals, having positive regard for children's heritage arising from their colour, ethnicity, languages spoken at home, cultural and social background.
- We ensure that this is carried out in a way that is developmentally appropriate for the children.

### *Confidentiality*

- All suspicions and investigations are kept confidential and shared only with those who need to know. Any information is shared under the guidance of the South Gloucestershire Children's Partnership.

### *Support to families*

- We believe in building trusting and supportive relationships with families, staff and volunteers.
- We make clear to parents our role and responsibilities in relation to child protection, such as for the reporting of concerns, information sharing, monitoring of the child, and liaising at all times with the local children's social care team.
- We will continue to welcome the child and the family whilst investigations are being made in relation to any alleged abuse.
- We follow the Child Protection Plan as set by the child's social care worker in relation to the setting's designated role and tasks in supporting that child and their family, subsequent to any investigation.

- Confidential records kept on a child are shared with the child's parents or those who have parental responsibility for the child in accordance with the Confidentiality and Client Access to Records procedure and only if appropriate under the guidance of the South Gloucestershire Children's Partnership.

Also see mobile phone and Camera Policy

## Legal framework

### *Primary legislation*

- Children Act (1989 s47)
- Protection of Children Act (1999)
- Data Protection Act (2018)
- The Children Act (Every Child Matters) (2014)
- Safeguarding Vulnerable Groups Act (2006)
- Childcare Act 2006
